

Young Artist Emerging

Despite the hits taking its toll on the arts and culture community, 27 year old artist Jan Vincent Sam is forging ahead without missing a step. Originally from Kelowna, BC Jan Sam is a multi-faceted artist specializing in digital and analog renderings, drawings and mixed media. As if that isn't enough, he is also a songwriter, musician and poet. Perusing his website you will come across samples of his work, and you can commission a portrait for yourself or a special someone. Jan counts Andy Warhol as his biggest inspiration, and once you've viewed Jan's work, you'll see the Warholian influence front and centre.
